SPRINT MASTER

Range Application:

HSS twist drill: toughness and precision combined with excellent cutting efficiency for drilling alloyed carbon and plain steel. Ideal for hand held operations.

Sharp cutting edges

even with larger diameters little feed pressure is required

Very high elasticity

and greatest toughness with optimum cutting performance

High fracture resistance

even with smaller diameters low risk of breakage due to high elasticity

Optimum drilling performance

even in unfavourable working conditions

Sprint Master HSS Drill Set 19pcs

Straight Cutting Oil

- For a high quality drilling finish, use Tap-n-Cool, the high performance, non-staining oil-based solvent, made from refined mineral oils.
- Maximise the life of the cutting tip, by lubricating the working edge.
- Contains corrosion inhibitors to maintain a rust free environment for machine tools and finished parts.
- Free flowing for rapid dissipation of heat from the cutting zone.
