MCC

210mm Fence Cutter

3mm
cutting
capacity

- Easy one hand cutting with superior performance and durability. Blade opening is adjustable.
- Unique design from MCC.
- Midget Cutter with narrow blade design for tight and narrow cutting work spaces.

Made in Japan
Quality since 1916

Thermal Glove

Sizes: M, L, XL, XXL.

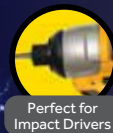

- Lined for cold weather work
- Excellent grip
- Breathable
- Machine washable
- Multi-layered technology prevents oil penetration and repels water

Ideal for: Cold Storage, Agriculture, Outdoor work, Refuse Disposal, Recycling, Horticultural Industry, Warehousing & Construction.

THUNDER ZONE Impact Driver Bits

Engineered spiral torsion zone

Perfect for Impact Drivers

Professional Spirit Level 600mm & 1200mm

- Heavy-duty construction, aluminium wall 1.7-2.6mm thick
- Shockproof acrylic block-vials for maximum accuracy
- Large 180° vial bubbles reduce reading errors
- Oversized rubber grips for comfort handling
- Removable, shock absorbing rubber ends prevent damage to finished edges
- Precision machined top & bottom surfaces
- Rugged, aircraft grade aluminium
- Powdercoated aluminium surface will not rust

Sterling

Magnetic Torpedo Level 230mm

- 3 Unbreakable acrylic shock-proof vials.
- Magnified centre vial for enhanced visibility.
- Magnets provide ultimate grip on metal surfaces.
- 180 Degree rotating vial to duplicate angles, slopes & pitch.
- Die-cast aluminium body.

MCC®

Made in Japan
Quality since 1916

MCC®

Pipe Vises 63, 90, 114, and 130mm capacity

- Made from tough ductile iron.
- Hardened high carbon steel jaws, assures firm gripping.
- Special modes for plastic coated pipes available with finer teeth.

MCC®

Cutter & Bender 6 - 13mm

- Lightweight and easy to handle.
- Suitable for cutting and bending reinforcing bars and rods.
- Portable compact design with well balanced positioning of blades and rollers for suitability at job site work.

UNIQUE Corner pipe wrenches

MCC®

Corner Pipe Wrench

- 90° offset handle and compact head design allows you to reach any tight spaces.
- No jaw end comes out from the frame versus ordinary offset pipe wrench.
- Spring loaded jaw frame provides a ratchet like action for quicker operation in tight spaces, which allows you to keep tightening/loosing pipes.
- The most compact movable jaw wrench available.
- Size adjustment can be done very quickly by turning the worm gear. Forged steel handle.

- High carbon steel
- 17 different sizes
- Handy carry case

new

MCC®

Heavy Duty Rod Cutters

MCC®

Rod Cutter 1/2" and 5/8" capacity

Made in Japan
Quality since 1916

- Specially designed for clean cut of reinforcing rods for concrete.
- Blades and bolts are made from alloy tool steel and carefully heat treated for long durability.

new

MCC®

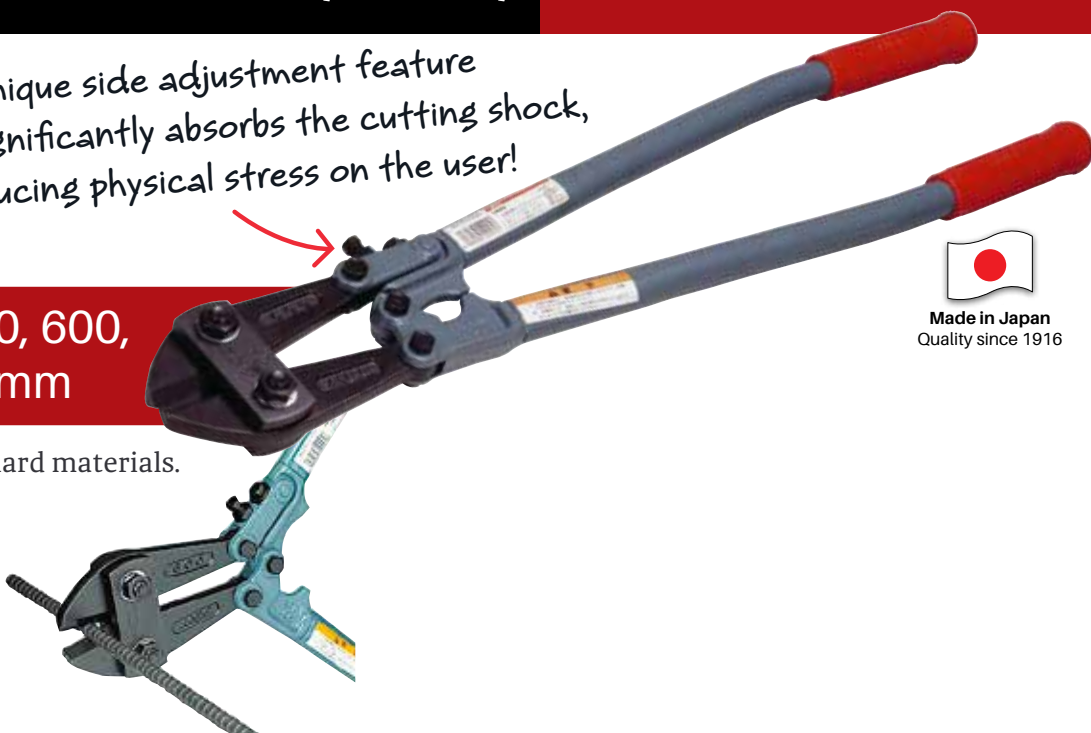

Heavy Duty Bolt Cutters

MCC®

Bolt Cutter 350, 450, 600, 750, 900, and 1050mm

*unique side adjustment feature
which significantly absorbs the cutting shock,
reducing physical stress on the user!*

- All purpose cuts from soft to hard materials.
- Ideal for cutting Rods & Bolts.
- Clipper style. Top of the line.
- Blades are drop forged from alloy steel and carefully heat-treated for maximum strength and wear resistance.
