Alpha **ONSITE+** Step Tip Drill was tested by our experts against the Benchmark Competitor Jobber Drill and blew the competition out of the water with speed, durability and accuracy. The competitor drilled 2.5 holes in 1 minute and 46 seconds before burning out. Whereas the Alpha **ONSITE+** Step Tip Drill Bit smashed out 3 perfect holes in just 21.83 seconds. Tests were conducted with a 18V Makita Cordless Drill into 8mm steel plate.

2 in 1 Dry Marker Pencil

- Remove yellow cover for deep-hole marking
- Ergonomic, triangular body, useful clip, very durable design
- Well-integrated sharpener inside the push button
- Graphite-universal lead for rough and smooth surfaces
- Refillable with different leads for nearly all surfaces and materials

EXTREME Stainless Steel Saw Blades

GAME CHANGER FOR CUTTING STAINLESS STEEL!

- Extreme Stainless Steel blades exhibit extreme performance in stainless steel applications. Featuring non-stick Pro-shield technology & cermet tips, this blade has 15x the life of its competitors.
- Non-stick Pro-shield coating reduces frictional resistance on blade surface
- Stainless steel cutting includes stainless pipe, stainless square tube, stainless plate and stainless rebar
- Blade designed with laser cut slits for noise reduction
- Premium cemented carbide tips give exceptional life and clean, cool cutting in stainless steel
- Anti-vibration slot resin plugs absorbs vibration
- Less vibration for straight, accurate cutting
- Prevention of chipping on blade teeth
- Dual step saw blade technology

DESIGNED TO CUT:

BLADE USED: Extreme Stainless Steel 355mm
EQUIPMENT: 355mm low speed cut off saw (1500RPM)
MATERIAL USED: 76mm dia 304 Stainless tube 2mm wall thickness

Japanese Blade Technology

Precision ground steel drill bits for a wide range of applications

- Manufactured to DIN338 standards
- Ground cutting edge offers fast drilling and perfect finishing
- Ground flute ensures fast chip removal
- Right hand cutting at 30°, Type N
- Industrial quality drill bits manufactured from high quality High Speed Steel and hardened for superb strength

Suitable for drilling cast iron, sheet metal,
non-ferrous metal, steel, wood and PVC

EUROBOOR

ECO.30 Mag Base Drill 30mm Capacity

THE LIGHTEST 30MM MACHINE IN THE MARKET. ONLY 8.5KG

- Powerful 900 W motor cuts holes in metal up to Ø 30mm easily and quickly.
- Ideal for drilling in tight and narrow spaces

- Integrated tool cooling and lubrication
- Direct spindle drive
- Integrated Gearbox Slide system

See the ECO.30 in action

Made in The Netherlands

TRADE \$1,249.00+

Code: ECO.30

EUROBOOR

ECO.32 Mag Base Drill 32mm Capacity

THE SMALL SCALE "DO IT ALL" DRILLING MACHINE

Equipped with an eager single speed motor.

- Single speed gearbox
- Detachable spindle
- Practical long stroke
- Clear and easy controls
- Fits a 1/2" chuck with adaptor (sold separately)

EUROBOOR

B60 Bevelling Machine

Bevel Angle 0° - 60° max
Bevel Depth 24mm (45° Angle)

- Powerful high efficiency 1100W motor
- Ultra-smooth operation
- Clear indicator for angle-setting
- Suitable for pipe material Ø > 150 mm
- Wide and soft handles
- Easy replacement and indexing of cutting plates
- Clear, precise and simple (protected) controls

EUROBOOR

B60S Bevelling Machine Stainless Steel

Bevel Angle 0° - 60° max
Bevel Depth 24mm (45° Angle)

Suitable for Stainless

- Powerful high efficiency 1800W motor
- Clear indicator for angle-setting, up to 60
- Suitable for pipe material Ø > 150 mm
- Variable speed, including material indicator
- Extremely suitable for stainless steel
- Wide and soft handles
- Overload protection

TRADE \$4,329.00+
